

THE FOMHS NEWSLETTER

Monthly Newsletter of Symbiosis Arogya Dham

APRIL 2023

07 APRIL 2022

Dear Readers

It is with great pleasure that we bring you the first edition of our newsletter - The FoMHS Newsletter. The Newsletter has been created with the idea that we at Faculty of Medical & Health Sciences have a vibrant and thriving eco-system. There is something always happening and this something, we would like to share with all of you.

For example, an Indonesian chef's visit to the Culinary Arts School, Global Recharge India Dissemination. From SYMRESEARCH 2022 to the SYMHEALTH to be held in April 2023. Medical camps to training and development in various institutes and programmes and these are just some of the events. Life is abuzz with activities, students get not just learning but also exposure to industry stalwarts who visit us frequently for various events and programmes.

The Faculty of Medical & Health Sciences has 13 verticals that cater to different aspects of healthcare and healthcare education.

This Newsletter is our attempt to bring to you updates, happenings, events and more from the lush Lavale campus here in Sus Road, Pune. And there is no better time than the World Health Day to bring you our initiatives as health conscious and health promoting university.

We are looking forward to keeping you updated, informed and maybe even entertained.

Editor-in-Chief

Dr. Rajiv Yeravdekar

Provost, Faculty of Medical & Health Sciences

SYMHEALTH 2023

Stakeholder Engagement for Integrated Healthcare – Futuristic Approach

The foundation at the Symbiosis Faculty of Medical and Health Sciences is an interdisciplinary and multidisciplinary approach to healthcare and allied health services.

Every year we host the healthcare symposium SYMHEALTH with different agendas and bring in varied points of view.

This year our focus is Stakeholder engagement for integrated healthcare – Futuristic approach. The conference in 2023 has been designed keeping in mind that in order for any objective to be successful, all stakeholders must not only have skin in the game but must also be involved in discussions and decisions. We are expecting to host over a 1000 students, faculties and other stakeholders in the healthcare industry.

We have speakers like Union Minister Shri Mansukh Mandviya, Minister of Health and Family Welfare, he also holds the portfolio as Minister of Chemicals and Fertilizers, Govt of India and Dr. Pramod Sawant Hon'ble Chief Minister of Goa.

Symbiosis University Hospital & Research Centre

Competency development program for Philips Healthcare Division- R&D facility, Pune.

We conducted a doctor contact program for their mid-level and junior engineers for the Philips engineers in the Respiratory & Sleep division, Health monitoring division, defibrillator division.

These engineers came from varied backgrounds like Mechanical, automobile, electronics and were previously working in hardcore engineering companies.

SCOPE

Medical Mobile Units conduct General Health Check-up camps at various places in and around its selected villages. 3 such camps were held in the month of February 2023 at Bhadas, Botarwadi, and Shelkewadi. The camp at Shelkewadi was specifically directed at Brick Kiln workers.

At these places, the camps are conducted by initially introducing the SCOPE and SUHRC. Free hospital services at SUHRC and MJPJAY / PMJAY availability are then explained. The general health check-up and medicine distribution are done and after that patients requiring specialty consultation are counseled and referred for further examination and treatment at SUHRC.

Did you know?

World Health Day is celebrated on 7 April every year to mark the anniversary of the founding of WHO in 1948.

This year they turn 75 and the theme for the year is:

Health For All

Symbiosis School of Biological Sciences
